Father Jean-Juste is one of Haiti's most respected human rights advocates. On Wednesday, October 13, 2004, Haitian police (PNH) forcibly entered the **St. Clare Catholic Church** Rectory in Port-au-Prince and arrested him without a warrant while he was feeding 600 hungry children a meal his congregation serves twice a week. He was imprisoned and then released seven weeks later as a result of an outpouring of international pressure. Fr. Jean-Juste is a prominent activist for social justice and the rights of immigrants in Haiti and the United States. He has been one of Haiti's most eloquent, persistent and influential voices for peace over the past two decades.
